

Headline school attainment data - 2022

2022 is the first year of publication of Attainment statistics since 2019 due to the cancellation of 2020 and 2021 assessments during the pandemic.

Please note that national and school results are currently provisional and some data may change or may not yet be available. This will be updated as it is finalised and published:

In 2022 in KS 2, there were 10 pupils in the cohort.
