

Preston Candover CE Primary School

Additional measures for visitors attending interviews during COVID restrictions.

Interviews will take place on TEAMS online as much as possible, however if coming in to be observed teaching as part of an interview, candidates will be expected to:

- Take a lateral flow test before attending
- Their temperature will be taken on arrival at school
- The observation will be held in an isolated part of the school
- Candidates will be staggered so that there is limited contact and only one interviewee is on site at a time
- Candidates will bring resources with them where possible
- Candidates will complete tasks in separate rooms to minimise risk
- School will provide additional equipment following procedures in the school's COVID Risk Assessment protocol

School COVID Risk Assessment protocols will be followed at all times.
